

Cable Management

- Heat Shrinkable, Transitions and Boots
- Aerospace Conduit Systems
- Cable Management
- Cable Fastening Tools
- Print Systems
- PTFE Spiral Wrap, A-A-59602
- Cable Ties (MS3367, MS3368)
- Race-way

Custom Cable Design and Build

Silver State Wire & Cable offers complete wire and/or cable manufacturing. Our corporate site houses all of the necessary manufacturing & testing equipment, along with the engineering staff needed to build even the most complex products.

We can manufacture your custom-designed wire and/or cable from the copper on up, to meet the requirements that program calls out.

Tubing / Sleeving / Lacing

Solder Sleeves

- **AS83519** (Solder Sleeves)
- **NAS** (Solder Sleeves)
- **AS81824** (Crimp Kits)

Braiding/Shielding

- **AA59569** (Tubular & Flat Braid)
- **Braidlite** (Space-grade Braid)

Custom Applications

- **RaceLine** (Aerospace meets Autosport)
- **High-Strand** (Extra Flexible Braid)

Military Tubing

- **M23053** • **M3190** • **M22129** • **M46846** •
- **M631** • **M7444** • **AMS3655** •

Lacing Tape

- **M43435** (Aerospace Lacing Tape)
- **Space** (Low Outgassing - NASA Approved)

Expandable Sleeving

- **PE, FR, NOMEX, PFA, ARAMID, ECTFE, PA66, PEEK, PPS**
- **Fire Retardant and Fray Resistant**

Wire and Cable

Hook-up Wire

- **AS22759** (Aerospace Wire)
- **M16878** (Hook-up Wire)
- **AS81044** (Hook-up Wire)
- **AS81822** (Wire Wrap)
- **A-A-59551** (QQ-W-343, buss bar wire)
- **Flexi-Lene** (High Flex Wire - Silicone)
- **BMS** (Boeing Material Spec Wire)
- **Space** (Light Weight for Outer Space)
- **UL / CSA Wire** (PVC, XL-PVC, XLPE, PTFE)
- **EN** (Airbus Applications)

Magnet Wire / Litz Wire

- **NEMA MW-1000 and J-W-1177**
- **Resistance Wire**
- **Custom Applications**

Coax and High-Speed Data

- **High Speed Data** (Up to 10 GB)
- **MIL-C-17** (Off-the-shelf Cables)
- **Custom Builds** (In stock or made to your specs)

Cable (Multi-Conductor)

- **LSZH** (Shipboard and Transit Applications)
- **Space** (Up to 44% lighter, for Space applications)
- **Race Line** (Autosport meets Aerospace)
- **M3432** (Power Cables)
- **M27500** (Cables)
- **Aerospace High-Speed Data Cables**
- **M55021** (Cables)

ADDED VALUE SERVICES

- Cutting and Stripping (Laser and Mechanical)
- Tinning and Crimping
- Assembly and Harness build
- J-STD-001 and WHMA-A-620 certified
- Twisting, Striping, and Cabling
- Custom Shielding
- Marking (Ink-Jet, hot stamp, and laser)
- Laser Marking
- Custom Printing and/or cutting of Heat Shrink Tubing to your specifications.

KITTING

We can prepare a custom packaged "Kit" for you containing all of the parts used in your wiring harness. By combining our added value services and our extensive inventory, you get a complete package that will reduce any excess stock. Our goal is to make your buying experience easy.

VMI (Vendor Managed Inventory) / KAN-BAN

Combining innovation with logistics, we can manage our customer's inventory with highly automated systems to provide a total supply chain solution.
