Subject: REACH

Silver State Wire & Cable (SSWC) is aware of the European REACH Regulation EC No. 1907/2006 and continually monitors legislative requirements and business continuity concerns pertaining to REACH.

This declaration represents that based on all available information known to Silver State Wire & Cable Inc as of February 6th, 2025, all duties under the European Union regulation number 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) regarding the registration of Substances according to Article 7 and disclosure of Substances of Very High Concern (SVHC) according to Article 33 of the regulation with respect to all products, have been fulfilled.

Under Article 7 (Registration and Notification of Substances in Articles), it is SSWC's understanding that we are not required to register (See references below):

1) Any producer or importer of articles shall submit a registration to the Agency for any substance contained in those articles, if both of the following conditions are met:

a) The substance is present in those articles in quantities totaling over 1 tonne per producer or importer per year;

b) The substance is intended to be released under normal or reasonably foreseeable conditions of use.

While SSWC indirectly ships certain substances that may meet the 1 metric ton threshold to the EU, none are intended to be released to the environment under normal conditions of use.

At the time of manufacture Silver State Wire & Cable Inc products did not contain any of the 81 restricted (Annex XVII) materials, the most recent update in September 2025, or, the 253 Substances of Very High Concern (SVHC) update in February 2026. SSWC routinely monitors for additions to the Annex XVII Restricted List, Annex XIV Authorization List and the SVHC list. Please visit the ECHA website for the most up to date official version of:

Restricted list: <https://echa.europa.eu/substances-restricted-under-reach>

Authorization list: <https://echa.europa.eu/authorisation-list>

Candidate list: <https://echa.europa.eu/candidate-list-table>

As SVHC substances are added to Annex XIV and identified in any of our products above the 0.1% threshold by weight, SSWC will communicate any required updates to our customers in accordance with REACH Article 33.
